Take down an evil tech startup and shadowy government agency to become a god to the freaks and geeks of cyberspace. All while being helped by an incontinent virtual pug.</p> <p>Game Features Hack '95 combines card game mechanics with a conspiracy-filled world. Zip through the golden age of computing, from underground hacker chats right to the heart of government. Expect twists, turns, 90s dance bangers and flaming GIFs.</p> <ul style="list-style-type: none">• Navigate '95 is a pixel-perfect reimagining of your favourite operating system, stuffed with apps that help you work, play and commit cyber crime.• Deceptively simple deck-building gameplay has you become an elite hacker. Without ever writing a line of code.• Chat to the strange, shady and downright perverted denizens of cyberspace's underbelly as you ply your hacking services for profit and justice.• Assistant Bert is the plucky virtual mascot of Navigate '95. His friendly face is designed to help your gran write the church newsletter, but with a simple crack he'll help you commit audacious illegal acts. Awwwww... Thanks, Bert!• Hacker FM's legendary DJ broadcasts crunchy beats and synthetic sounds to soothe your synapses frazzled from the frontline of the Information Superhighway.
